

HIVEMQ

Reliable Data Movement for Connected Devices

MAY NEWSLETTER

Hi **HiveMQ enthusiast**,

We are thrilled to announce that HiveMQ closed a Series A funding round this month! This is the start of an exciting new chapter for HiveMQ as we get ready to further accelerate the development, growth, and adoption of our MQTT messaging platform. Find out more about this news and other technology updates below.

Top Stories

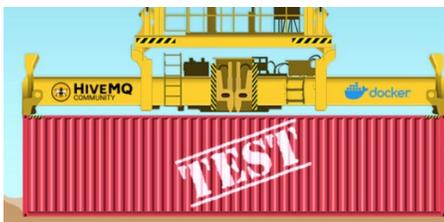

HiveMQ hit a new milestone! We've raised €40 million in a Series A funding round. Together with our seed round from last year, we've now raised €49.3 million in total! [Learn more.](#)

HiveMQ 4.8 is out! This new feature release brings to you new security features, improved reliability, & saves you resources when managing Kafka-to-MQTT mapping at scale. [Learn more.](#)

Tech Blog of the Month

Learn how to easily test MQTT client applications and perform integration testing of custom HiveMQ extensions using HiveMQ Testcontainers Module. [Read on.](#)

A promotional banner for a "Monthly Webinar Series" titled "Ask Me Anything". The banner features a yellow background with a white wavy pattern. On the left, there are several colored circles (yellow, grey, white) and a yellow paper airplane icon. On the right, the text "Monthly Webinar Series" is in a yellow box, followed by "Ask Me Anything" in a large, bold, black font. Below the title, there are four circular headshots of the webinar experts. At the bottom, there is a call to action: "Interact with our experts to ask your questions. Upcoming session on May 17 @ 11 am EDT/4 pm BST" and a yellow "Register Now!" button.
